NATIONAL NIGHT OUT AUGUST 2ND

We are firing-up The Breakers Café barbecue grill for a community BBQ. Come enjoy a meal with those in the community from 6 pm to 7 pm on August 2nd at The Catamaran Club. Krista, The Breakers "Afterschool Homework Help" and "Summer Reading Program" teacher, will speak on the importance of "Early Childhood Education". A suggested \$2 per person donation is requested and will benefit the preschool foundation scholarship for needy children. A Mutual of Omaha representative will explain how you can receive a free "Child Print ID Kit". Denver Police Community Resource Officer Tony Burkhardt will also be available for questions.

OUTDOOR MOVIE BY THE POOL AUGUST 20TH

Don't waste a beautiful summer night at home, bring the family out for a spectacular viewing of "Pirates of the Caribbean PG-13" on a 16' x 20' screen at The Catamaran Pool. The movie begins when the sun goes down. Bring your own snacks and beverages or you may purchase them from the Breakers Café. No smoking, pets, or outside liquor is allowed but your friends and family are WELCOME!

303 MAGAZINE POOL PARTY AUGUST 28TH

The Breakers Resort and Café welcome 303 Magazine for their annual 21+ pool party! Admission is free for residents with a valid Breakers ID card and government issued ID. Guests, 21+ with a valid government issued ID, are welcome for a \$25 entry fee at the door. The party is from 11am – 6pm and will feature a live DJ, drink specials, and pool games. For more information about the party, access the website at www.303magazine.com.

HOUSEHOLD TRASH

Do Not mix trash in with items to be recycled.

Waste Management does not separate household trash from recyclable items. Waste Management will dispose of all items as regular trash unless customers separate out the items that are to be recycled.

PET WASTE

Pet waste can be a major source of bacteria and excess nutrients in local waters.

- When walking your pet, properly pick-up and dispose of waste. Leaving pet waste on the ground increases health risks by allowing harmful bacteria and nutrients to wash into the storm drain and eventually into local bodies of water.
